

Lord, Every Nation on Earth
Ps. 72

for Soloist/Small Group

Cherolyn Klosner-Lane/Gene Klosner
Light the Fire! Music
www.LTFMusic.com

Thank you for choosing **Cher & Gene Klosner's psalm series!**

All of our psalms are written in comfortable "congregational keys," and presented in SATB(+), but have been written so that all music ministry groups can use them, from soloist to duo, to contemporary praise teams (SAT), to choirs. For SSATB/choir, look up our octavo versions.

The vocals in this Small Group version are presented in treble clef, but can be sung by Tenor an octave lower. Typically, the higher harmony notes can be either Soprano or Tenor, and the lower harmony notes can be Alto or Bass. These harmonies can sometimes cross each other in some of our psalm settings.

This PDF contains the following versions:

- Refrain P/G/V (w/two harmonies) + Verse chords (for cantor, singers, guitar/piano accompanist)
- Verses P/G/V (for cantor, accompanist)
- Refrain Assembly (for director, worship aid makers)

Format:

- Solo cantor refrain melody
- Choir and congregation respond in **unison** (melody) refrain
- Solo cantor verse
- Choir and congregation refrain with harmonies (may wait to add descant until end of verse or last line)
- [Continue thru multiple verses and harmonized refrains]
- End with repeat of harmonized refrain (optional)

Verses are by **ONE cantor**, chant-style (non-metered, free rhythm) using either of the two melodies, depending on their vocal range. Verses are not designed for multiple singers or harmonies. For the **accompanist**, the rhythm resumes (a tempo) on the last word of each verse to bring choir and congregation in for the refrain, which then has **choir** harmonies from there on out.

We like to do a double refrain after the last verse to "close out" the psalm, so we use the turnaround accompaniment for repeating the refrain, then the Final ending at the very end.

Note to accompanist:

Follow the "turnaround" chords when repeating the refrain (for live recording). Use the "interlude into verses" when going into verses.

Psalm Tones:

Overall, we have 16 different psalm tones for the verses that get "mixed and matched" with all the hundreds of different psalm refrains through the 3-year cycle. We normally give two options from which the cantor can choose, depending on the cantor's vocal range; for the accompanist, we give one psalm tone choice, but a few lower notes if needed. Choose the smaller notes for the lower harmony. This way, a cantor doesn't have to learn hundreds of different verse melodies over the three-year cycle. The particular psalm tones assigned to this refrain are Psalm Tone 1 in D, which starts a fifth up (Sol in solfege) from the end of the refrain, and Psalm Tone 2 in D, which starts a third up (Mi in solfege). The cantor should refer to the notes below for a few configurations of the verse texts (all configurations are part of this PDF) connected to this refrain; be sure to check the end of the verse pages for the correct set of verses for the day.

Please report usage of this music to CLI and/or OneLicense.

Other than "Lord, Every Knee on Earth":

Descant: Use with Psalm 1 or 2 (in D).

Harmony: when it's time for you to sing the descant (after the 1st or 2nd verse), note that your "O" comes before the melody. The last two notes ("th") are different from the SSATB octavo arrangement to make up for missing notes in this pared-down small group version. The descant goes up to a harmony a third above the melody.

Accompanist: In m. 6-7, you will find a slightly different timing from the melody.

Turnaround: Most of the accompaniment is a pattern of a chord followed by the arpeggiated version of the same chord.

Final ending: see instructions regarding the "A walkup"; you can ignore the bass line, leaving that to the piano and/or bassist.

We strongly recommend listening to the recordings of this psalm.

Musically yours,

Cher & Gene
